

Caring for Your Loved One

Means caring for their families and traditions.

Villa Mesa Care Center welcomes people from all cultures and all faiths. We meet individual needs with respect and sensitivity.

Who Benefits from Our Care

Therapy Services is ideal for adults who have been hospitalized or diagnosed with a sudden condition. It provides the extra time and attention needed to relearn essential skills, improve strength and, if necessary, learn to use equipment such as walkers or wheelchairs. Older adults, who because of age or illness can no longer live safely at home on their own, are ideal candidates for our nursing care as well.

Payment Options

Many are covered by health insurance plans:

- Medicare
- Medi-Cal
- Most Insurance Plans
- Private Payment

Mission Statement

At Villa Mesa Care Center our mission is to provide high quality, cost effective, compassionate care, using the latest technology within our resources. As a Skilled Nursing Facility in the community, we believe that education and community involvement are the foundation of providing better healthcare.

Villa Mesa Care Center does not discriminate against any person on the basis of race, color, national origin, disability or age in admission treatment, or participation in its programs, services and activities, or in employment.

every now and again

Our Philosophy

Care for the body, mind, and spirit. The care we provide is based on our belief that each resident has the right to quality care, quality of life and optimal health and well-being. Part of our philosophy is to create a place full of life, beauty, and opportunity for personal growth and enrichment.

Care in a Convenient Location

Villa Mesa Care Center is a 99-bed skilled nursing facility that provides high-quality care that tailors to each resident's individual needs. Whether the goal is to get back home or find a new place to call home, it's nice to know that your loved one is in a safe and welcoming environment.

Secured Dementia Care Unit

Villa Mesa Care Center is a secured environment offering specialized services for those with Alzheimer's disease, dementia, or other memory impairments. Our goal is to help improve the quality of life for residents and their family by providing a safe home-like atmosphere.

We understand how Alzheimer's and dementia can be challenging for everyone involved, causing you to feel a range of emotions or have many questions about your loved one's future. You don't have to go through this alone and we are here to answer any of your questions.

Comprehensive Services

Personalized services programs will depend on your loved one's condition and goals. Rest assured that we have experience dealing with a wide range of injuries and conditions, such as orthopedics, heart disease, stroke, and respiratory diseases.

Experienced Physician & Care Teams

With varying degrees of independence, our residents may need either short or long term skilled nursing care. In addition to standard nursing care, restorative nursing is provided for residents when appropriate. Restorative nursing helps residents maintain or improve their functioning in activities of daily living such as bathing, eating, and grooming.

Dietary Services

Residents enjoy nutritious meals and snacks overseen by a registered dietitian, dietary manager, and dietetic technicians. Food service also includes special event and holiday meals. Snack carts are available three times a day at no charge to residents. We believe caring for your loved one means caring for their families and traditions too.
